Abe-Tec East Africa Ltd.

Crane Hire

Abe-Tec is a reliable and efficient partner for crane work in Kenya. Our fleet of mobile cranes from 3 tons to 200 tons capacity.

Please call Mr. Navi Sagoo: 0722-721117 or email to EA@Abe-Tec.com

Abe-Tec East Africa Ltd.

Company Profile

The mother company was formed 1979 in Hamburg – Germany as an engineering company for steel works & machinery.

With an International client base and modern facilities, including a 5000 square meter undercover / under crane factory and two more works inside Germany we can supply all sizes and types of work.

After a good business relationship since 1980 between the family Böttcher in Germany and the family Sagoo in Kenya we formed 2006 the company Abe-Tec East Africa Limited.

Equipment & Machinery

The workshop is well equipped with the following machinery:

<ul style="list-style-type: none">Tig welding machinesCutting and grinding machinesArc welding machinesGas welding machinesScavenging pumps and tanks for chemical treatmentRolling machinesSpray painting equipmentMilling machinesLathe machines	<ul style="list-style-type: none">Foaming equipmentQuick cuttersTube expandersLifting/rigging equipment e.g. Tir-for and chain blocksHand toolsProfile cutting machineBrake PressDishing machineNibling machine
--	---

Additional Tools List:

- Lorry Crane 17tonne Capacity
- Large lot of spanners, fix, rings, boxes etc
- Different Sizes of certified torque wrenches
- Dumpy Levels
- Theodlite
- Angle Grinders 9", 7" & 4.5"
- Strength Grinders 6"
- Various Sizes of Hilti Rotary Drilling Machines
- Various sizes of magnetic drilling machines
- Magnetic drill machines with care cutters
- Various sizes of hydraulic jacks
- Mechanics type high lift jacks
- Steam cleaning machines
- Industrial Type Vaccum machine
- Elcometers
- Metal Thickness Testers
- Large Range of Lathe and Milling Toools
- Bandsaw cutting machine semi-automatic
- Kings and multipurpose metal worker
- Standby Generatros 70KVA and 50 KVA
- Welding Generator Units
- Various size chain blocks
- Various Turfurs
- Scaffolding tower type
- scaffolding pipe type
- oxylect cutting sets
- pipe bending tools
- pipe flaring tools
- pipe threading machines
- Disc Cutters Bench Type

Abe-Tec East Africa Ltd.

Abe-Tec have experience in the construction or dismantling of bulk storage steel tanks with tank lift jacking equipment.

We provide quality tested equipment and correct methodology for safe, economical and fast construction of Vertical steel tanks.

Quality Assurance
